T2 Old House for Restoration, in the center of Monchique

Old Village House of 2 floors with garage and panoramic terrace, for restoration, in the center of the beautiful picturesque village of Monchique, located in the heart of the mountain range with the same name.

The house is set in a plot of land of 85 sq.m, has a useful area of 126.7 sq.m and benefits from two independent entrances. It features a garage, a kitchen, a dining/living room, 2 bedrooms and 2 bathrooms. At the top, we have a terrace with panoramic views over the peaceful scenario of the mountains.

The building needs a great renovation work, but having so much charm and its traditional moth still alive, this house offers lots of potential to become a dwelling with very generous areas, making some changes to the original plan.
