It has 2 bedrooms and a bathroom, recently renovated, and a living room with open plan kitchen. 70 sq.m of interiors plus a pleasant balcony, which allows you to enjoy good times outdoors, relax in the sun, and have your breakfast while enjoying the panoramic views.

The balcony accompanies the entire apartment, which makes corner, thus having 2 fronts. The kitchen has also been modernized, but retaining the original tile to preserve the traditional look of the house.

The floor is also the original, and was maintained for the same reasons : authenticity.

In this way, we obtain a property that combines Portuguese tradition with a touch of modernism.

The air conditioning has already been installed in the main room, to provide greater comfort. All windows are new, with double glazing for greater thermal insulation.

On the building's communal roof terrace, there is a private storage room where the washing machine was placed. It becomes very practical to dry your washed laundry on the ropes at disposal, at this high point of the city.

This place breathes tranquility, history and authenticity. Here, we can feel as part of the city, being in its heart, where every building is valuable heritage.

With active AL license, it can also be the property you were looking to monetize. The tourist who visits Lagos loves this type of property, full of charm, which lets them explore the center on foot and experience our city more intensely.
