Still on this main floor, we have another service bathroom, complete with bathtub, the independent kitchen, fully equipped, with a pantry, and the large living and dining room, where we have a fireplace to warm up the coldest evenings of winter.

The living room opens onto a large terrace at the front of the house, where it is possible to gather family and/or friends to have meals outdoors or simply socialize enjoying the afternoon sun, as it is oriented to the west.

On the upper floor,

we have an en-suite bedroom, a laundry room and access to a terrace, perfect for hanging clothes or for the use of the occupant of the room on this floor, who manages to have a lot of privacy, being isolated on top of the rest of the house.

On the lower floor, we have a garage for the entire area of the house, where a studio was created to accommodate visitors when necessary.

Its location allows you to have very easy and quick access to a wide variety of shops and services, from supermarkets, restaurants, cafes, a post office, and all the amenities of the city. The historic centre is also less than a 5-minute walk away.
